

Customer Champion Award

Andy Leong
Lead Business Analyst

Minaxi Goel
Sr User Experience Researcher

Customer champions embody the values of collaboration and customer-centricity, turning moments of interaction into opportunities to delight and inspire. Nominees show a high level of commercial awareness and have a reputation for being approachable and focused on finding the best solutions for the business.

- Applied deep user-behavior analysis to uncover friction points and deliver practical recommendations that improved campaign engagement and performance.
- Enabled data-driven optimization by translating complex data into clear, actionable insights for Tier 1 initiatives.
- A trusted mentor and collaborator who builds team capability, confidence, and a strong culture of accountability and excellence.
- A highly collaborative partner whose curiosity and analytical rigor drive measurable, customer-centric outcomes.
